

Diploma project I

Diploma project I is obligatory part of Minor specialization “Internship”. After the Internship student will work on the first draft of Diploma Thesis. Topic is connected with the area of internship and a member of the organization where internship was held is a consultant of the project.

The main goal is to start with working on the Diploma Thesis already at the first year of studies and to connect the topic of Diploma Thesis with the topic of internship where student should participate on real cases which help him to understand reality of official statistics. After the Diploma project I next Diploma project II is planned during the second year of the study program when the Diploma thesis is finished.

Next steps are needed to pass the Diploma project I and the Internship Minor specialization at all:

1. Student has to find his supervisor of future Diploma Thesis at the Faculty.
2. With the supervisor discuss the topic and prepare outline of the Diploma project I.
3. The topic should be added to InSIS till the beginning of the third semester.
4. Diploma project I has to include parts as:
 - Introduction
 - Short literature review
 - Aim of the project
 - Methodology
 - Results
 - Discussion and conclusion with evaluation of the internship
5. The length of the material should be 20-25 pages.
6. There will be defence of the final version – during the third semester.

The defence will be based on the presentation of the results of the Diploma project I and the committee includes members form the Faculty and the organisation where internship was held also.
